MAKING CALLS OF LIGHT FOR AMERICA

Beloved Friends of America and Fellow Students, in all that mankind requires today—and America—remember, we knowing the Great Law of Life and the Power that It contains and can be released, are making the Call for you, Beloved Friends of America, who do not yet understand this Law as we do, who might not even think It existed. Yet It does; and It is producing such results for America, for Her people today, as only the Beloved "I AM" Students can understand and comprehend. As we have seen the Call answered of the great volume of Students who have made these Decrees and made the Calls for these conditions to

be corrected, and we have seen them dissolve all discord and out of it come the harmonious action of Life, then we have the proof before us constantly that this Great Law of Life and mankind's Application of It does produce exact mathematical results.

Surely, Beloved Mankind, you must understand that if we are willing to make the Call for you, never having seen you, never having heard of you perhaps—yet you are a part of Life the same as we are. And we love Life. We love you; and, Beloved Mankind, we are not ashamed or afraid to tell you that we love you. That's a Love Divine glorified in the Activity, in the Acknowledgment of the "Presence" of all Life, the "Mighty I AM."

Therefore, when mankind understands the need of pouring out its Love and Blessings upon its fellowman, conditions, and activities, then will the Powers of Light find an opening to get in and give you the Assistance that mankind must have at this time. The Ascended Masters, who have once lived in physical bodies as you are today, in the same limitations, have freed themselves by this identical Application and have made the Ascension, which after all, Beloved Mankind, is quite a practical thing. Jesus left the Words and the Example to mankind that all that He did, mankind should do. But who believed it? Who did it? And not until My experience with Saint Germain began did mankind once again find themselves living within the Truth and the Words that Jesus gave.

I don't care who in the world denies these Great Truths that were my experiences. They are true, and mankind can deny them until they are blue in the face, but that doesn't alter the Truth. *(applause)* And I say to you, mankind—various activities of mankind have prattled about Divine

Love; but who in all creation of mankind has been able to put it into proof as we have done? *(applause)* I assure you, Beloved Friends of America, that those who speak unkind of us are simply sounding their own destructive activity. We know the Law. They can't harm us, but they harm themselves by every discordant thought and feeling that they send forth. And those who have studied the Laws of Life either in the orthodox church or Christian Science or anything else—those who send forth destructive thought and feeling prove positively that they do not understand the first principle of Life or they would know they dare not do it for their own sake.

Therefore, we bless everybody, no matter how they hate us, no matter what vicious falsehood they tell about us, because we know the Law; and It is our only Protection. Therefore, mankind, when they come to understand these Great Truths, will understand that Life has already provided, and has throughout the centuries, the absolute, quick, definite, mathematical means by which they can set themselves free from discordant conditions and limitations of every kind. There's only one cause for mankind's limitations, and that's their own feeling world; and until mankind understands how to correct it, they must go on in those limitations and distress that all mankind is experiencing today.

Beloved Friends of America, you who know so well how the homes of mankind have been impaired by the limited conditions and distress that reigns there, do you not see that every condition that besets the home can be corrected by the Call to the "Mighty I AM Presence"—and if they will only give obedience to Life, Life will come and give them the fullness of all It holds, which is Perfection in every conceivable activity and manifestation of Its own Action.

Therefore, mankind today stands in the Open Door of Freedom, and the opportunity is offered to them to enter in if they will. But there isn't any Law in the Universe that forces mankind to do anything—except when they have been disobedient long enough, then their own force of their destructive activity will begin to compel its dominion over them. And then too late they will find that they have created more than they can govern, and their own creation destroys them. It has been so in every civilization that has come and gone. And what causes civilizations to fail? The discord generated by mankind over hundreds of years and centuries until it gains such a mighty, vicious vortex that no longer can mankind withstand it.

Just as we were given the wonderful information tonight that the war entity of the world is beginning to be dissolved and consumed, so shall this time the failure of the destructive forces of life fail to gain its dominion over mankind. And we have *(applause)* Our Beloved Saint Germain, our Beloved Lady Master Nada, our Beloved Master Jesus and our Beloved Mighty Divine Director and the Others to thank for this Great and Mighty Achievement. So today *(applause)* as mankind goes on, and even the body of Students which we have today go on in those mighty Decrees and making those mighty Calls to the "Presence" of all Life to release Itself and Its mighty Action into the Blessing of mankind—so shall soon mankind come to find the great volume of It acting within their scope of action; and they will see everywhere Its Harmony and Perfection manifesting that will give such Happiness as every Heart in the world has craved these long, long activities in this Life.

In the conditions that mankind stand today and all the distress that has beset them—I think, Beloved Friends of

America, of the condition of unemployment today which has come about by the agitation of the conditions of America and the world of industry and the privation by overtaxation and the conditions that exist, when in the mines of our mountains is gold that could be released to pay the national debt and the expense of the world. Therefore mankind must once again awaken to the Powers, *that the government can be the Blessing of the people.* And when people in the government are honest and live for the people, they will find the Glory of God made manifest on Earth and abundance to everyone.
